## Community Council

Community Council is a place where you as residents of East, Lamoine, and University Villages can come and have your voice heard on issues that are affecting our village communities. This also serves as a place to bring up ideas for fun programs that you'd like to see from your staff. We also have some positions in Community Council that could provide

opportunities for you to become more involved in where you live and help build leadership skills!

## Meet your Assistant Complex Directors

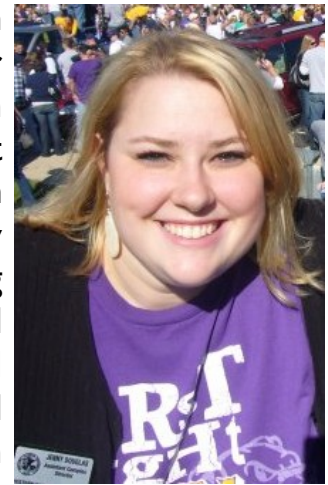

### Craig Orcholski

I'm Craig Orcholski and I'm the Assistant Complex Director for Lamoine Village this year! I just wanted to let you know a little bit about myself. I'm currently a graduate student in my final year in the college student personnel program. I'm originally from Windsor, Wisconsin (just 10 minutes north of Madison) and I obtained my bachelors degree from the University of Wisconsin - La Crosse. I enjoy watching most sports and generally just relaxing. Nothing is more awesome than rolling out of bed at noon...any day of the week. I just got back into the states from an internship that I had while I was in Canada this summer. It was my first international experience and one that I hope to replicate in the future! Anyways, feel free to stop by during my office hours in Lamoine and we can sit down and chat! Hope the year goes great for you all and I'll see you next issue!

### Jenny Douglas

Hey everyone! I am a second year graduate student in the College Student Personnel program and this is also my second year working in East and University Villages. I am looking forward to a great year with GFH and my hope is to see everyone at the events and Community Council meetings. In addition to working with GFH, I help to advise two student organizations and serve as president of my program's professional organization. Please never hesitate to contact the staff with any issues, concerns, or programming ideas that you may have. Send us an e-mail, check the GFH fan page, or stop by the office!
